

SURFIN'DEAD (The Cramps)

Ah, my favorite brain soup
Cream of nowhere

B
Ooh baby, your asphalt eater hung ten
The hoedads and gremmies say you reached top end

E
So do the dead, through the lights
The surfin' dead, uh make it tight

Gb **E**
The livin' dead now baby lose their heads

B
Now baby, doin' the dead

B
Yeah you're a high-rev hauler with all four on the floor
But your a-bone's busted and you're through the door

E
So do the dead, juice the Coupe
Come on the livin' dead, uh you're in the soup

Gb **E**
The livin' dead now baby, like I said

B
Now baby, do the dead

B
Your carburetor don't carb, got a hammer down this
Your generator gens but your pistons don't work

E
Do the dead, run for ten
The surfin' dead, c'mon turn it in

Gb
The livin' dead insist

E **B**
It's the latest twist, do the dead
Run, run, run, run
Now do it

[Guitar solo]

B B E B Gb E B

Stay sick!
You square brains out there better beware

B
Oh this phantom driver down in the ground
You better plant 'em right or they'll come around
Move out baby, move that mound
Or they'll dig it up and they'll shut you down
So c'mon

Aw c'mon
Aw c'mon (aw c'mon)
Aw c'mon (aw c'mon)
Aw c'mon (aw c'mon)
Aw c'mon (aw c'mon)
(Aw c'mon, aw c'mon)
(Aw c'mon, aw c'mon)
(Aw c'mon, aw c'mon)

B
Now life is short and it's filled with stuff
So let me know baby when you've had enough

E
Oh do the dead, turn blue
Yeah the surfin' dead, as dead as you

Gb **E**
There's nothing on the radio when you're dead

Gb **E**
There's nothing at the movie show when you're dead

Gb **E**
There's nowhere left for you to go when you're dead

B
Do the dead, yeah do the dead
Do the dead, surfin' dead

Do the dead, ah do the dead
Do the dead, ah do the dead
